Hello Cody,

Thank you for reaching out to Schlage! I see you're in Australia. This customer support contact only deals with support for the U.S. and Canada. Please visit this link <https://www.allegion.com/corp/en/header/contact-us.html> to fill out a global contact form with our parent company, Allegion, for assistance in your area.

Have a safe and pleasant day!

Louie L

The Encode Wifi Deadbolt has been in storage unopened since purchase for the last 1.5 years (roughly)

Just opened it up & installed it recently – but the lock is dead on arrival.

Nothing I do will not even get a light or input to work / turn on
