Updated Rent Payment Timeline

New Year's Buffering Period

All stated changes for Rent (as well as House Rules & Agreements) will have the whole of January as a *buffering period*.

This is to organise yourself, your finances, as well as for us to fully figure out & integrate the changes between all of us.

February 1st (01/02/25)

- Is the cutoff to fully implement these changes.

Starting: January 1st (01/01/25)

- Rent will be going up from:
 - **\$150/ Week, to \$200/ Week | Per ROOM**
 - ◆ Per Room is in relation to the Spare Room (outlined further below)
- Rent Payments are to be made on:
 - **1st & 3rd Monday of each month**

- Rent In Advance

To give yourself space / peace of mind when you eventually move out ~ **2x Weeks rent in advance** is to be paid.

You have the entirety of January to organise your finances, with *February 1st* being the cutoff.

- If you're having troubles / issues - please make sure to bring this up *PRIOR* to **February 1st**

⚠️ - Late & Missing Payments

Rent is to be paid as per the rent pay cycle.

There will be something similar to a '3x strike rule' in regard to Late Payments.

Pookie has given us all a lot of leeway over the years, unfortunately patience has run out and old habits will no longer be acceptable

- *The full terms of this will be outlined properly in a formal 'Property Rental Agreement'*

Unforeseen circumstances happen sometimes, if you're facing financial difficulty please let me know **PRIOR** to the rent due date - and we'll figure something out

Rent Payment & Bills

⚠️ - When making payments

Make sure to include '**RENT**' in the payment description

House Bank Account

- **ING | Cody Cork**
 - **BSB:** 923100
 - **ACC:** 306367939

House Bills

Bills are done through the 'Beem' app as per usual.

⚠️ - Make sure to have 'Beem' notifications ON

Bills are in my name, and late bills ultimately affect my credit score

- Again. I don't want to have to chase people up for Bills
 - *Organise yourself accordingly*

Rent & Rooms

Spare Room

As stated above the rent is '*per room*' - which means that the current 'Spare Room' needs to be properly allocated.

This needs to be discussed with everyone in the house, and must be either:

1) - **EVERYONE** equally splits the cost of the room

- \$200/week for the room / \$50/week each.
- Everyone has equal rights to the room,
 - ◆ Eg: Used as a 'Guest Bedroom' when family or friends visit
 - ◆ Cannot be used as a place to store personal belongings
- Everyone has equal responsibility in keeping it clean, etc.
 - ◆ Eg: When your family / friend, visits / uses the room - *you're* responsible for cleaning it up, etc.

2) - **One (or more) person(s), nominate to take the room**

- \$200/week for the room (for an individual) ~**OR~** \$
Equally split between nominated parties (eg: \$100/w each for 2x nominated parties)
- Only nominated parties have rights to the room
 - ◆ Use it as you please (still within 'House Rules' - *this is **VERY** important* - will advise about 'House Rules' at a later date)
- Nominated person(s) have full responsibility for the room
 - ◆ *ie:* Keeping it clean

 - **Agreement Due: 1st Feb '25 ~ (01/02/2025)**

The agreement needs to be done by this date

- Otherwise agreement will default to: ***Option1***
