To whom it may concern

Cody has recently been reviewed in our specialist clinic, assessed and diagnosed with ADHD under the care of a consultant psychiatrist as a private patient. They have been commenced on medication treatment for ADHD which will be monitored with regular medical reviews. The dose and preparation(s)/formulation(s) prescribed will be titrated and adjusted as needed. If the prescribed medication is changed either in dose or preparation/formulation Cody will be able to keep you updated and informed as needed.
